In this role I work closely with the Senior Design UX Manager, Marketing and Digital Banking team members to enhance member experience and continue to communicate the brand that is USALLIANCE Financial Credit Union.</div> <div><b>FRONTEND DEVELOPER + DESIGNER</b> <b>Freelance / Massachusetts / 2018 - CURRENT</b>  I started freelancing as a side gig in 2018 after attending Tidewater College where I majored and graduated with a Web Development certificate. My work as a freelance frontend developer is showcased on my portfolio site: <a href="https://tianamariah.github.io/PORT-2024">https://tianamariah.github.io/PORT-2024</a>. I have had the chance to design and build beautiful, clean, and responsive sites for science laboratories, authors, and creative artists. All of the sites I have created were designed with UI/UX and accessibility in mind, and were built with HTML, CSS, and vanilla JavaScript. I am also well-versed in React.js, WIX, WordPress and Squarespace.</div> <div><b>UI/UX WEB DEVELOPER - PROJECT COORDINATOR</b>  During my time at Edgesoft Inc, I completed many UI/UX tasks for the City of Beverly Hills, Southgate, and West Hollywood. These tasks included, webpage redesigns, creation, and maintenance. I used HTML, CSS, and JavaScript to produce clean frontend interfaces/applications for their citizens. I also worked as a project coordinator to help Edgesoft Inc's customer support team. I developed support process guides and videos to explain their new support process for their internal team and external clients.</div>
